## *To Our Customers, Old and New*

---

The prices as contained in this list will be in effect for the spring and fall season. Our prices are based on direct marketing—we have no agents thus saving you a commission.

Most of our customers call for their stock at the nursery. By so doing it is possible to plant it the same day thus avoiding a possible chance of exposure. Also the stock may be inspected before making purchase which means much to the customer we advise you to bring blankets for wrapping the trees that your car may not become damaged.

Our stock is in healthy condition. Certificate of inspection will be furnished with each shipment. The varieties of trees in this list have been carefully selected as best for Iowa soil and climate.

We exercise great care in having our stock true to name for this is a most important issue and should any prove otherwise we agree upon proper proof to replace such but are not liable further.

We guarantee our stock to be in good growing condition at time of delivery after which our responsibility ceases.

All claims for shortage, damage, etc., must be made within ten days from delivery of stock.

REFERENCE—To any not acquainted with our firm we refer to the PELLA NATIONAL BANK or any other business house in Pella.

**NOTE:** Our Landscape Service is furnished free of charge to our customers.
